

# Secretary Aviation ordered installation of night landing system at GIAP

**KARACHI (April 8, 2019):** The Aviation Secretary and Director General Civil Aviation Authority-Pakistan (CAA-Pakistan) Shahrukh Nusrat has directed the installation of night landing system at Gwadar International Airport.

He has also sought needed measures on urgent basis to commence flight operations at airports located in Saidu Sharif, Muzaffarabad, Chitral and Rawlakot.

The Aviation Secretary/Director General CAA said that as per the national aviation policy formulated in accordance with the vision of Prime Minister Imran Khan, measures are being adopted to expand field of the CAA activity.

Under the recently adopted National Aviation Policy 2019 all required facilities are made readily available for the aviation sector and associated institutions with due provision to regulate and streamline concerned operations.
