

PRESS RELEASE
AVIATION DIVISION
09-04-2020

ISLAMABAD: CAA as a proactive measure in the wake of Coronavirus has established a contingency ATC radar services room at JIAP away from the main /existing area control centre to ensure swift change over and continuity of provisioning of much needed air traffic services for the movement of aircraft from / to Pakistan.

The step is aimed at establishing a contingency Area Control Center in case the main ACC is required to be shut down temporarily.

The change over time required would be less than 30 minutes.

Abdul Sattar Khokhar
Senior Joint Secretary
Spokesperson
Aviation Division
